ANNUAL CATCHER VESSEL EDR

Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. These fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a catcher vessel that participated in the BSAI crab fisheries in the past or were leased a catcher vessel that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 5 and 6) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required will result in delay in and/or acceptance of any and all crab permit applications.**

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
 - a. Audited financial statements
 - b. Reviewed financial statements
 - c. Compiled financial statements
 - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

If YOUR label address is incorrect or missing, please correct the error on the label or print your permanent name and address here.

NOTE:

Any owner or leaseholder of a catcher vessel during any period in the calendar year identified on the EDR in which the catcher vessel was used to harvest crab in a Crab Rationalization (CR) fishery must submit to the DCA, at the address provided on the form, an EDR for a catcher vessel.

Definition of "Leaseholder": For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the catcher vessel for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the catcher vessel, **OR** paid expenses of the catcher vessel, **OR** claimed expenses for the catcher vessel as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

5. Vessel Costs

5.1 Costs for BSAI Crab Fishing Only

In Table 5.1, record the BSAI crab fishery operating costs for this vessel. These are costs that are incurred by this vessel solely in the BSAI Crab fisheries. Section 5.2 will ask for information on costs that cannot be tied exclusively to the BSAI crab fisheries. Include any taxes paid on the listed items (e.g. fuel tax, sales tax) in the totals.

a. Insurance Premiums (Hull, Property and Indemnity, and Pollution): if you paid a specific premium for operating in the BSAI Crab fishery, record the cost here. Record insurance premiums that cannot be attributed just to crab fishing in Section 5.2.c. If you belonged to an insurance pool for the BSAI crab fishery, record the net costs of being in the pool (deposits into the pool minus any dividends received).

b. Insurance deductibles paid for accidents: include any insurance deductibles paid for accidents that occurred on the vessel. Exclude any repair or medical costs paid by the insurance claim (i.e., only list your out-of-pocket expense).

c. Number of crab pots purchased for use in BSAI crab fishery: the total quantity and cost of crab pots purchased for the calendar year. List the city and state where the seller you bought these items from is located. Do not include repair and maintenance of pots (including rebuilding); these costs should be included in Section 5.2 b.

d. Line and Other Crab Gear Purchases: the total expense on line, floats, and other fishing gear other than pots used in BSAI crab fishing. List the city and state where the seller you bought these items from is located.

e. Bait used in BSAI crab fishery, by type: the total quantity (in pounds) and cost of bait (by species) used in each listed CR fishery during the calendar year. List the city and state where you bought the bait.

f. Fuel, Lubrication, and Fluids Used in BSAI Crab Fishery: record fuel purchases made for each of the BSAI CR fisheries. List the city and state where you purchased the fuel, the total quantity (in gallons) of fuel; and the purchase cost. Indicate in the check box if fuel purchase cost includes lubrication and fluids. Record fuel purchases in each fishery for the entire period in which you were fishing in, traveling to and from, and offloading from each CR fishery. Fuel cost includes fuel taxes.

g. Food and Provisions for Crew: the total cost of these items consumed and used by the crew. Include these costs even if all (or a portion) of them are taken out of the crews' share.

h. Other Crew Costs: list additional expenses for crew and the associated costs (for example, transportation costs, medical costs, payroll taxes, etc.)

i. Freight Costs for Landed Crab: total expenses for shipping crab caught aboard this vessel for sale or processing elsewhere.

j. Storage, Wharfage, and Delivery: the total storage, wharfage and delivery costs for pots and other equipment used aboard this vessel in the crab fisheries.

k. Observer Costs: record the sum of all observer fees paid in each CR fishery for the year.

l. Crab Landing Taxes and Fees: record the sum of all state and local fish taxes (e.g., Alaska fisheries business tax, local landing tax, cost recovery and buyback tax, arbitration assessment, and others) you paid for landing BSAI crab. These taxes and fees were included in the Gross Revenue recorded in Section 2.

m. Fishing Cooperative Costs: please record the total cost to you for this vessel's participation in a BSAI crab fishing cooperative. Exclude any monies paid to purchase or lease crab ITQ. List only the costs associated with membership or operating costs of the cooperative.

n. Other Crab-specific Costs: list additional expenses incurred for BSAI Crab fishing and the associated costs (for example, association/marketing fees, vessel communication costs, vessel leasing costs, pot truck fee, accounting fees, vessel moorage during the crab fishery, overage fines, etc.).

5.0 Vessel Costs**5.2 Annual Vessel Costs**

In Table 5.2, please record all of the following costs that were incurred for your vessel during the 2005 calendar year. Indicate if these costs were incurred for the BSAI crab fishery only by checking "Yes" under "Crab-only Cost". Otherwise, check "No" and these costs will be averaged out over *all* your crab and non-crab activities during the year.

a. Investments in Vessel, Gear and Equipment: Total cost of improvements or investments in vessel, gear and equipment for the year. This includes the costs of all assets that were purchased in 2005 and will be depreciated for tax purposes. List the city and state where the seller you purchased the improvements from is located. Exclude standard repairs and purchases that are necessary to conduct operations.

b. Repair and Maintenance for Vessel, Gear, and Equipment: the repair and maintenance expenses for maintaining this vessel and repairing mechanical and physical problems with the vessel or equipment (exclude investment expenditures included in item 5.2a). List the city and state where the business or person providing the repair and maintenance work is located. Exclude expenses or repairs that result solely from non-crab fisheries. Include salaries of employees whose job is to perform R&M only if their wages are *not* already included in Section 4.1.

c. Insurance Premiums (Hull, Property and Indemnity, and Pollution): record the total costs of your annual insurance premiums for this vessel.

d. Other vessel-specific costs: record any other significant cost(s) that were incurred in order to fish for crab in calendar year 2005 that were not included in the categories above, and not reported in the crab season-specific table (Section 5.1). Please describe the nature of the expense(s) and do not list costs of permits or licenses.
